

* THE DELTA CHI EAGLE

VOL. 1
NUM 6

Embry-Riddle Aeronautical University

Dear Alumni Brothers,

Greetings from Daytona! I'm sorry to say that this is the first newsletter in a year and a half. Our Alumni relations program has fallen into a slump. But, with a little work I should be able to develop a working program for future newsletters. From now on you can count on an alumni newsletter every trimester except during the summer months.

Our newsletters have been written in the past with the idea that we print what you want to see printed. In that way the Alumni become more active and our inherent strengths and talents begin to show through. This also helps the chapter to better use their greatest resource, the Alumni.

So write and tell me your feelings and opinions and the upcoming newsletters will be greater than ever.

Please excuse the spelling, errors and omissions, due to the fact that I'm an engineer and engineers still don't know their english.

Thanks for your support, and remember Kimball.

Fraternally Yours,

Paul Warns "E"

The Alumni Reunion

The Alumni Reunion went over fairly well. Not to many were able to attend but for those that did, there was a great steak dinner at the Show Boat restaurant with live entertainment. All the Brothers got a chance to here some interesting stories from the past, and the Alumni were able to reminisce old times.

Who was there? The entire Chapter was there and seven Alumni brothers; Richard Coleman, Ford Ferguson, Ed Fusco, Jim Hunter, Greg Nelli, Bill Nixon and Pat Phalent. Thanks for coming guys and to the rest of the Alumni, hope to see you at the next Alumni Reunion.

Did You Know...

A Letter From Pat

Last spring Pat Phalent visited us for the Alumni Reunion and he stayed around for a few days. Quite a few of us got to know him and had a great time listening to the stories he had to tell. He recently sent a letter to Ed and part of it was directed towards the Chapter. Here's what he said.

"Thinking back to when I was at ERAU, we had a house with broken furniture, no heat, mattresses on the floor, and sob for the landlord. But we had a bond which is brotherhood. We now have a great house and great brothers. There were disagreements between a few, but don't let small, petty things get between yourself and Delta Chi. I never realized what Delta Chi at ERAU meant to me until I returned and I saw the Alumni Room and pictures and trophies, etc. I then realized what the brothers I went to ER with really meant to me."

Thanks Pat. That really hit home here.

Our New House

Guess what! The Delta Chi Fraternity of Embry - Riddle Aeronautical University (that's us) is in the process of negotiating purchase of one of the two partnerships of the two buildings and property at 538-536 S. Ridgewood, Daytona Beach.

That's right, we're going to buy half the house! The old Doctors office will be transformed into six bedrooms and the capacity of the house will be 14 brothers. This is one of the first steps towards that dreamed about "first fraternity house

on campus." The time is right and the price is right. But we can't handle it alone. We need your contributions. This is a very important investment towards that fraternity house. So what'll you say? Donate \$50 or \$100 or whatever you can spare towards the house.

If you really want to go first class, join the house club. This consist of four classes of membership. A Sponsoring membership for \$500, a Founding membership for \$1000, a Chartering membership for \$1500, and a Gold Key membership for \$2000. This is a great opportunity for those who want to get involved and establish their own personal permanance in Daytona Beach. Make your checks payable to Embry - Riddle Chapter of Delta Chi Fraternity Building Corporation inc.
